## ACADEMIC PROVIDERS

Participants enrolled with our Academic Providers start Verto's Study Abroad Experience while remaining on track to graduate in four years. Participants receive credit for their courses through Verto's Academic Providers. Academic Providers are accredited institutions of higher education with whom Verto partners. They provide the final approval on course offerings, faculty hiring, academic policy, and monitor overall academic quality of Verto's Study Abroad Experiences.

The Academic Providers enroll students in academic programs and issue the transcript. All participants must be qualified for and approved for enrollment in a degree program available by the Academic Provider. This degree pathway connects courses from the study abroad experience to a degree program so that students can continue their education with the Academic Provider without having to transfer, or transfer courses to a relevant 2 or 4-year university.

The Academic Provider for Verto is: the University of New Haven (UNH) and the degree program all students will be enrolled in is available [here](#).

### University of New Haven (UNH)

The [University of New Haven](#) founded in 1920 on the Yale campus, is a private university accredited by the [New England Commission of Higher Education \(NECHE\)](#). UNH is recognized for academic excellence by The Princeton Review and the US News & World Report. UNH is an experienced leader and innovator in education abroad learning. All faculty teaching UNH enrolled students are faculty hired through our Academic Partner meaning they are affiliate faculty of UNH and have been assessed as meeting the required educational and professional standards as any on-campus UNH faculty member. Students enrolled through UNH as an Academic Provider will receive a UNH email through which they will have access to UNH digital resources.
