Early Arrivals and Program Departures

Any participants arriving before the designated start date(s) are responsible for sourcing their own transportation from the airport, as well as local accommodations. Participants are not able to move into Verto housing until the official start date. More information on early arrivals is included in your location Arrival Guide.

Participants are required to move out of their Verto accommodations on the designated last day. This is typically the day that participants depart from their Verto locations, unless they've arranged for independent travel post-Verto experience. Participants are expected to make their own way to the airport.
