## Passports

Participants must have a valid passport in order to participate in Verto's Study Abroad Experiences. All passports must be valid for at least 6 months beyond the experience end date. If this is not the case, participants should acquire or renew their passport as soon as possible.

Due to long passport processing times and required visa preparations for certain locations, we stress not to wait to renew or apply for a passport as a new applicant.

To do so, [find a passport acceptance facility](#) and follow the U.S. Department of State instructions [listed here](#).
