

Community App MANUAL

Welcome to the Verto Community App!

vertoeducation.campusgroups.com

Your main resource for registering for events and connecting with peers before your on-site experience begins!

You can either use the website version or the app - we encourage both!

Click to watch a video tutorial!

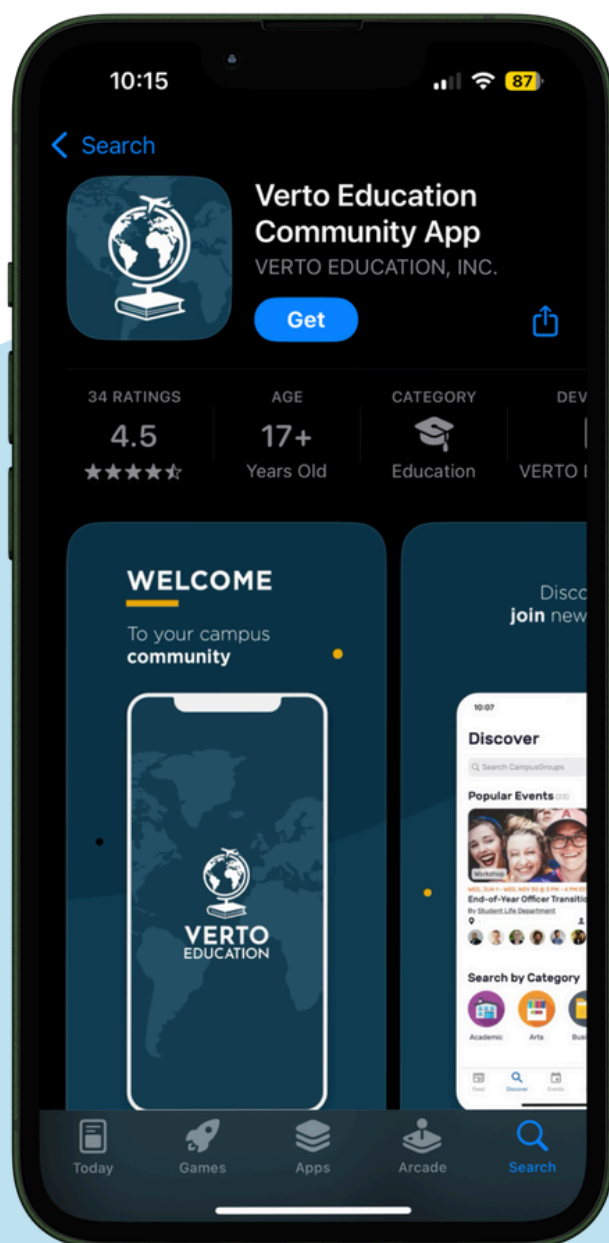

WATCH NOW

STEP ONE

Download the App

Search "Verto Education Community App" in your app store: Apple app store or Google Play.

Open the app and enter your email to get your account started!

STEP TWO

Setup Your Account!

Check your email from Verto Education to reset your password link.

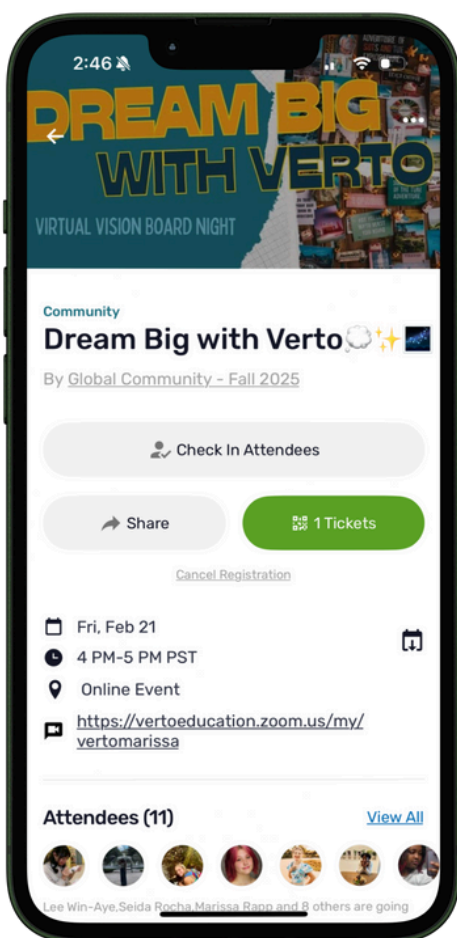

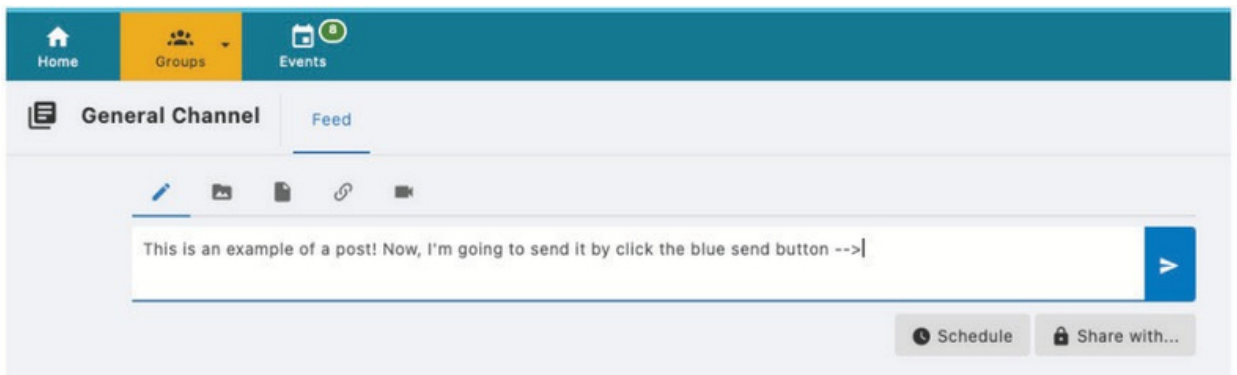

Sign-in to your account through the app or at vertoeducation.campusgroups.com

STEP THREE

Welcome to the Community!

Make your first post!

Start in the Portal by introducing yourself: Let us know your name, your pronouns, where you are from, your semester location, and one fun fact about yourself!

Use this feature to make announcements and attach links, photos, videos, or other files. Others can 'like' the post and reply in the comments! This space is usually used for questions, activities, and engagement.

You are registered to 2 groups:

- Verto Education Community - open to all presently enrolled students from any semester group.
- Your Location group

STEP FOUR

Enjoy the App!

Post on the Group Feed

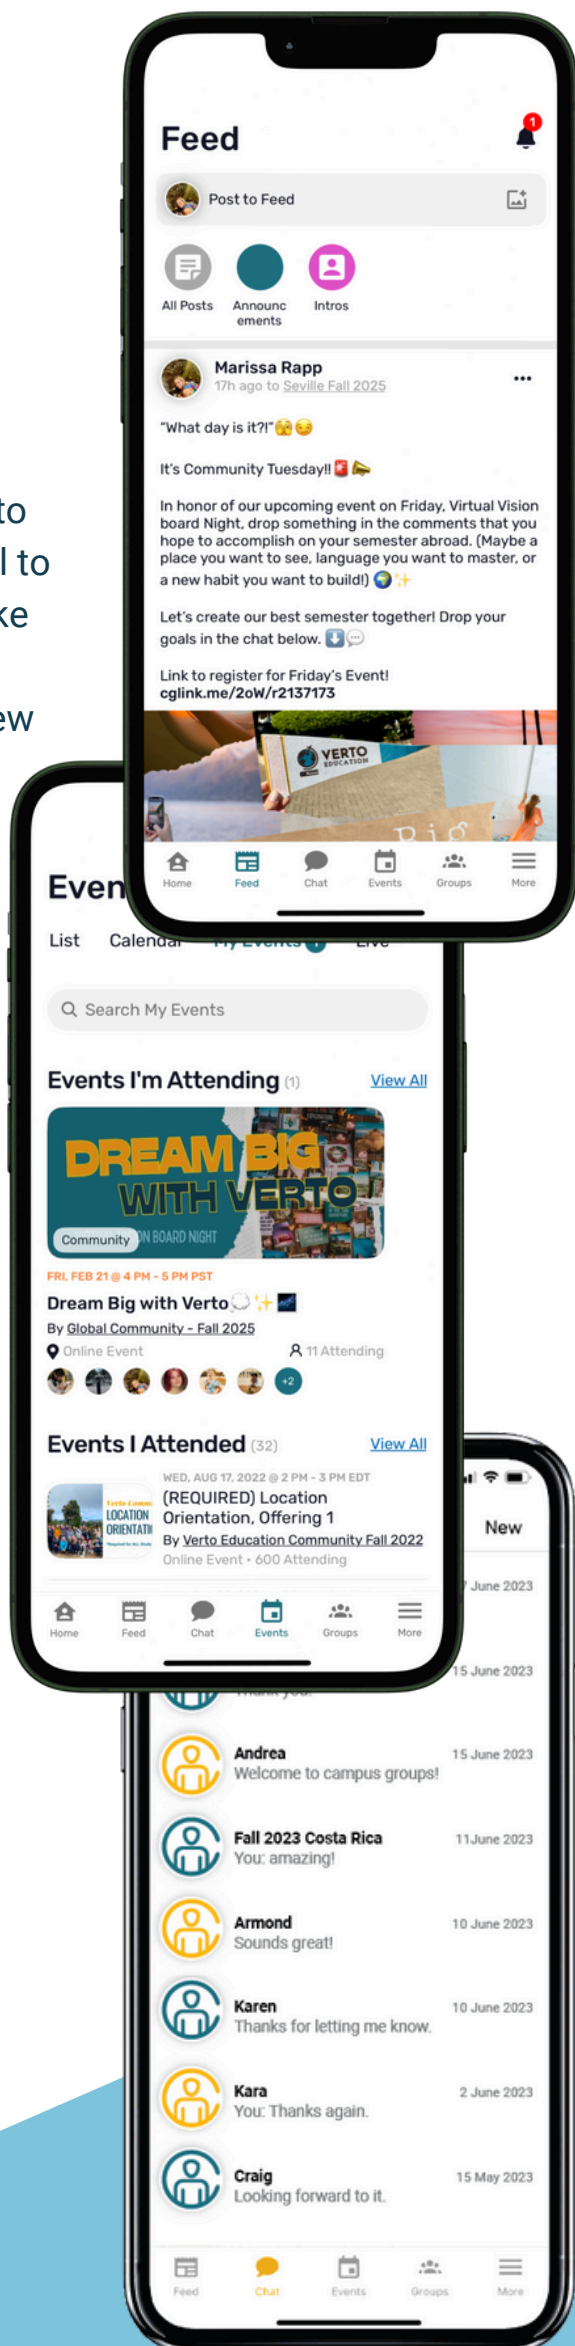

Add to the group feed your questions, weekend travel inspirations, responses to our weekly icebreakers, and more! Scroll to see the introductions of your peers. Make connections with them to find similar interests, and start the semester with new friends before you even get on-site!

RSVP to Events

Through the events tab at the bottom of the Community App, you can view planned events, RSVP for the ones you're interested in, and view a schedule of the events you plan on attending. You can also access Community events at this link: bit.ly/vertoevents

Chat with Peers

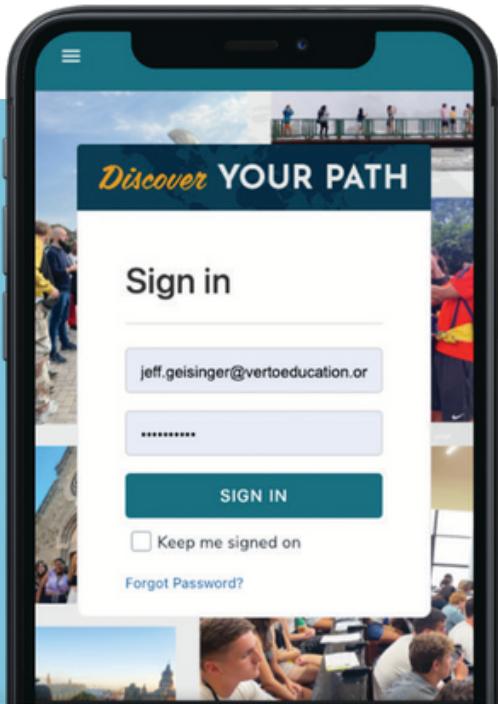

You can create a chat to connect with community members, both in your location and semester-wide. Chats can be individual messages with someone or you can click "add participant" to create a group chat to get in contact with even more people.

ACCESS GUIDE FOR YOUR

Onboarding Checklist

VERTO COMMUNITY APP & MY VERTO

Community App is for...

RSVPing to required Pre-Departure Orientation sessions plus optional Community Events, conversing with fellow Vertoans, and on-site communications. [Watch a video tutorial here.](#)

For access support:
studentonboarding@vertoeducation.org

Login

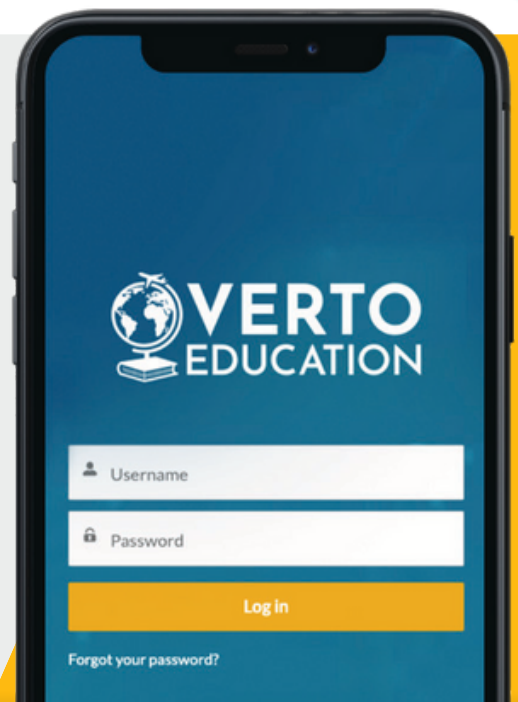

My Verto is for...

Complete pre-departure forms for your checklist, register for courses, view your billing, set up payment plan or make payments, view your housing assignments, care team, and course schedule, and utilize for course add/drop once you are on location.
